We have a kitchen area where coffee, tea and water are available to students, plus we have a spacious relaxing lounge and a garden/terrace where students can relax during their breaks.

To complement the learning experience outside of the classroom hours, the library is available to our students. With a wide range of Graded Reader books, fiction and non-fiction book, study materials, newspapers, magazines and DVDs, there is something for everyone to choose from.

A rewarding experience at Oxford ILS

Group classes:

With group classes kept to a maximum of eight per class, our classes are designed to maximise the amount of teacher-student time. Students find that their language skills are developed rapidly as they are encouraged to actively participate in class. They benefit from the high level of contact with the teacher, a flexible approach, and a high degree of personalisation, delivered in a comfortable and relaxing environment.

Individual classes:

Students may prefer to opt for a one-to-one programme of study. This offers the student a course which is designed for the specific requirements of the individual learner. Classes are customised and focused on a student's specific objectives and problem areas. This is an accelerated way of learning and highly beneficial to the student, especially for English exam preparation and English for Specific Purposes.

Our students:

The School welcomes people of all backgrounds and nationalities, and it is suitable for those who want to learn English fast, in a friendly and relaxed atmosphere. The minimum age for adult courses is 16 and there is no maximum age. To date we have welcomed students from at least 25 different countries.

Our teachers:

We believe that our teachers are our greatest strength. They are passionate about teaching and have years of experience in teaching General English, Business English, English for exam preparation and English for Specific Purposes. At Oxford ILS we use a variety of teaching methods, paying careful attention to students' individual needs and learning styles. The lessons are very energetic and interactive with interesting and topical subjects.

Our teachers have a lot of experience and professional qualifications such as Cambridge CELTA, Trinity College Certificate or Diploma in TESOL, or have other professional qualifications in various other subjects (MA, MSc, MBA and Technology), and have a diverse professional background, having worked in industry and business environments. This extended wealth of knowledge and experience allows our teachers to provide students with real-life class activities to complement the learning experience and, if required, business and commercial level English.

"I really enjoy being a student at Oxford ILS. Currently I'm taking private classes to prepare for the CAE exam. Studying in this school is a great experience. I have improved quite a lot, above all my speaking skills. The programme is great, includes everything from listening, reading to speaking and expansion of vocabulary. Without doubt I strongly recommend this school to people who are looking for personal and private lessons."
